ORIS_E3

*now for
RETROFITTING*

THE FIRST ALL-ELECTRIC RETRACTABLE TOWBAR

for independent workshops

Added value at the push of a button

The ORIS_E3 is the perfect solution for anyone who places value on speed and above all on ease of use and convenience.

Easy to assemble and
designed especially
for workshops

Quality from the OEM sector: develo-
ped for the vehicle manufacturers –
adapted for the workshops

Increased added
value compared to
conventional towbars
